- **Collaborative and Proactive Solutions for Parents Webinar** (with Ross Greene, Ph.D.) - Dr. Greene focuses his model as an evidence-based, non-punitive approach to addressing challenging behavior in children and adolescents. Built on the core philosophy that **"kids do well if they can,"** the model reframes concerning behaviors not as deliberate defiance or lack of motivation, but as the result of lagging cognitive skills—such as flexibility, frustration tolerance, and emotion regulation. Interested in learning more? Watch this informative one-hour parent webinar with Dr. Ross Greene.
- **Holiday Hampers and Support -** If you, or anyone you know in our Marigold family, would benefit from a Holiday hamper this year, please reach out to the office to have your name added to our holiday hamper list.

- **School Zone Safety – Please Slow Down** - As the mornings grow darker and visibility becomes more challenging; we want to remind everyone of the importance of slowing down and staying alert when driving near schools and crosswalks.
